

Future of Climate Policy

Cambridge Energy Policy Research Group (EPRG)
Winter Seminar, 2015

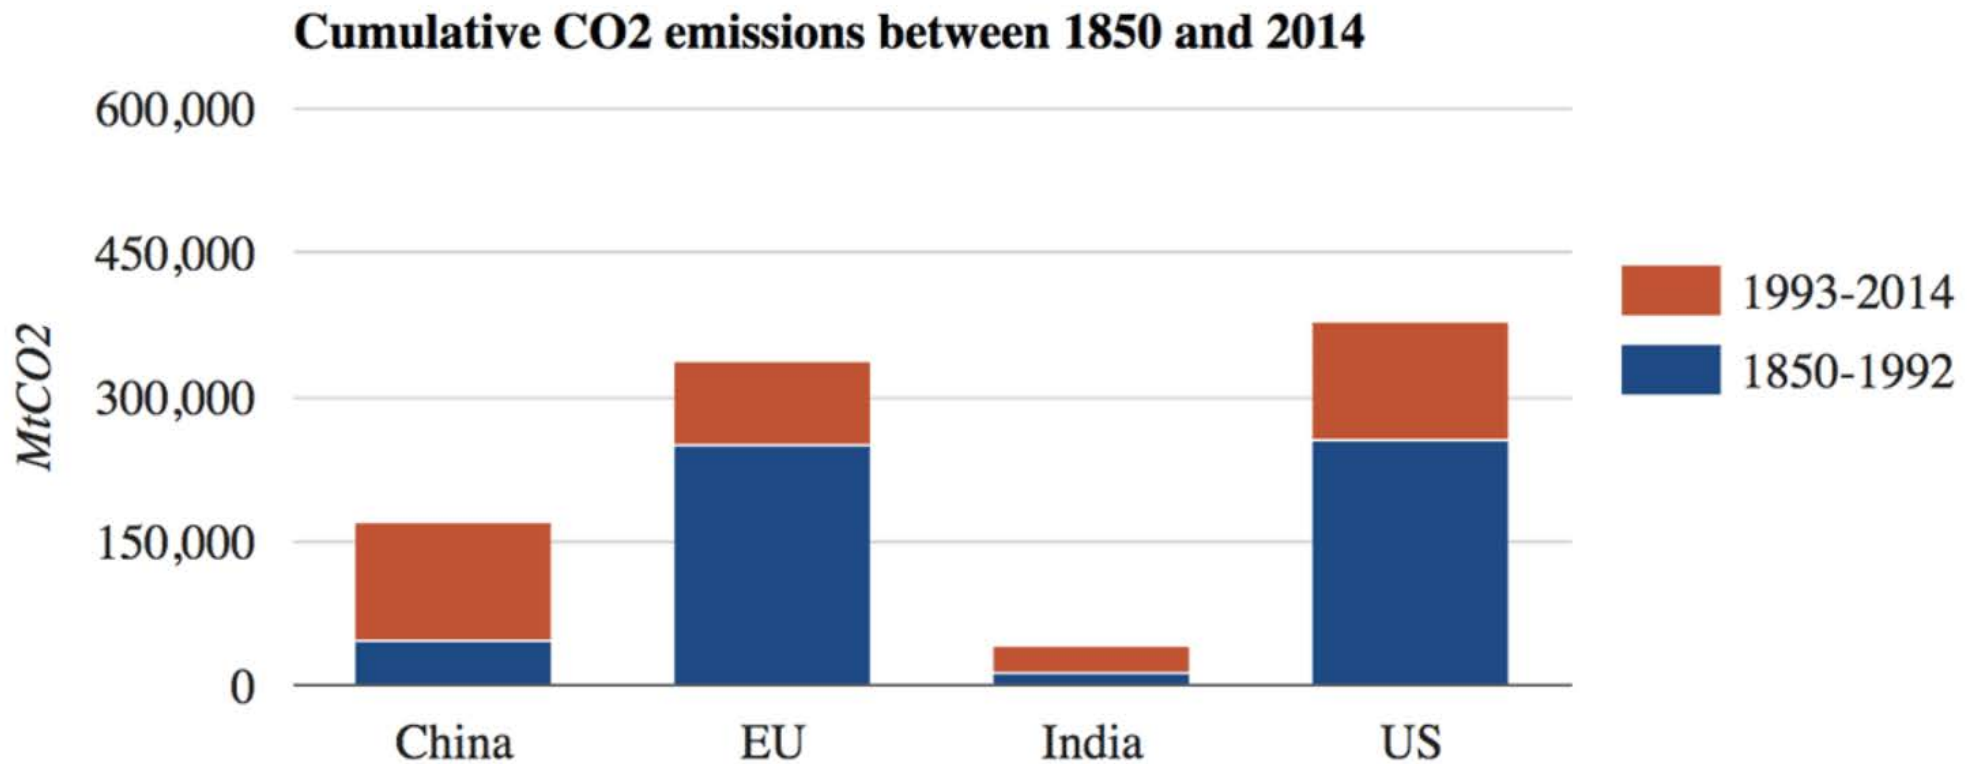

Daniel Radov
Associate Director

Insight in Economics™

Have we reached peak emissions?

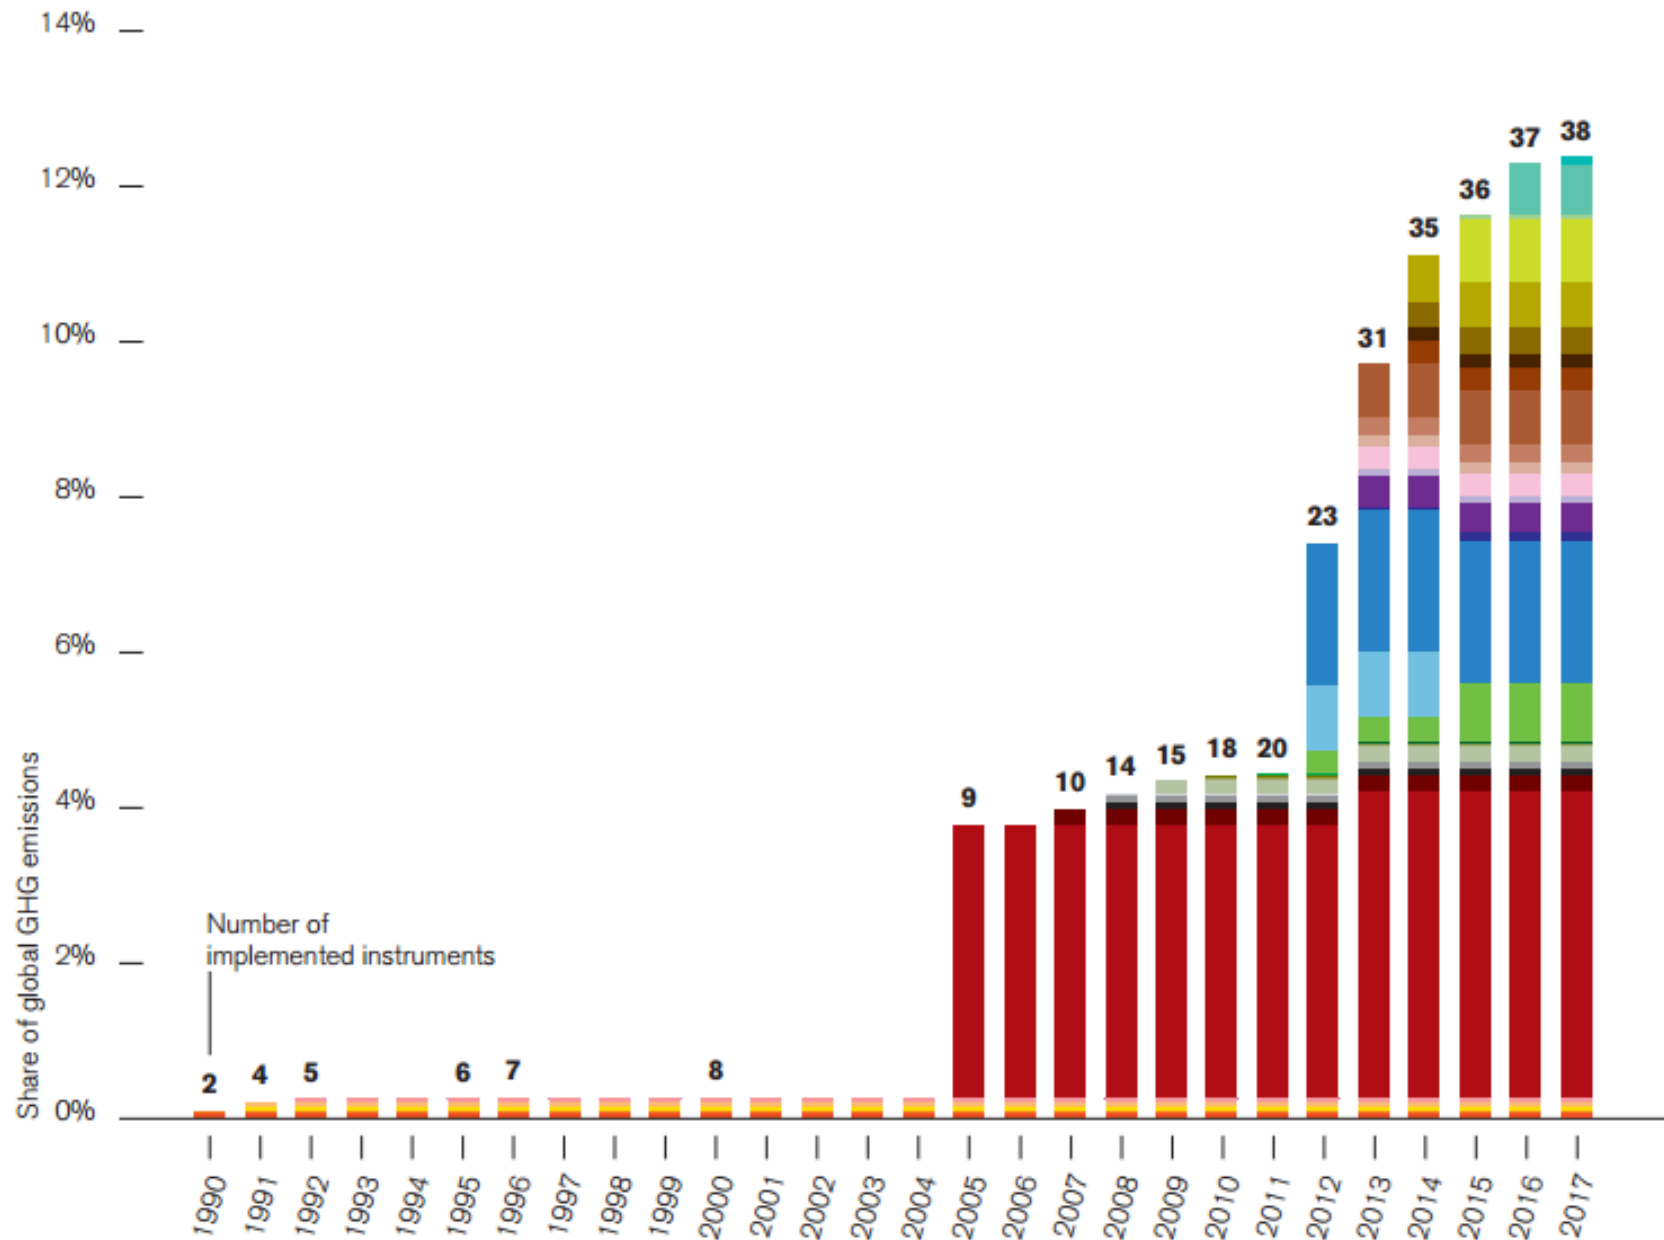

...probably not

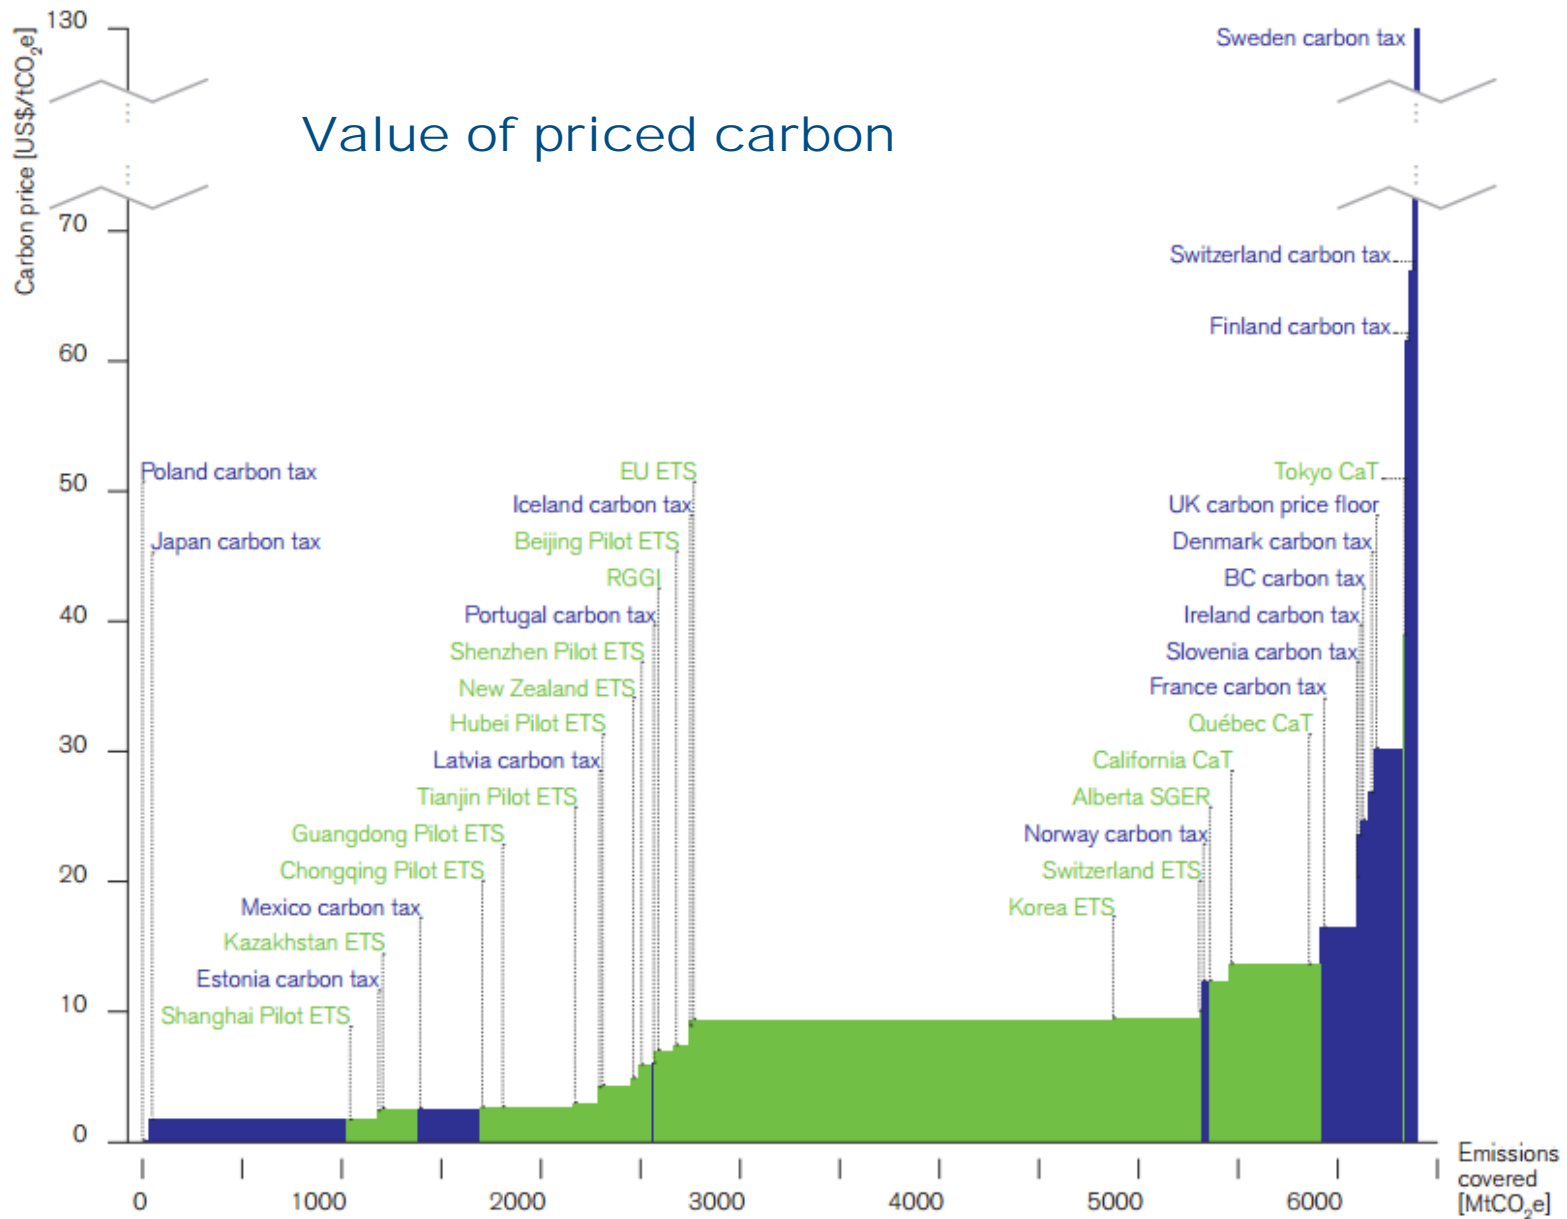

Policy toolkit

- Prices / economic instruments
- Regulations / command and control
- Industrial policy / innovation

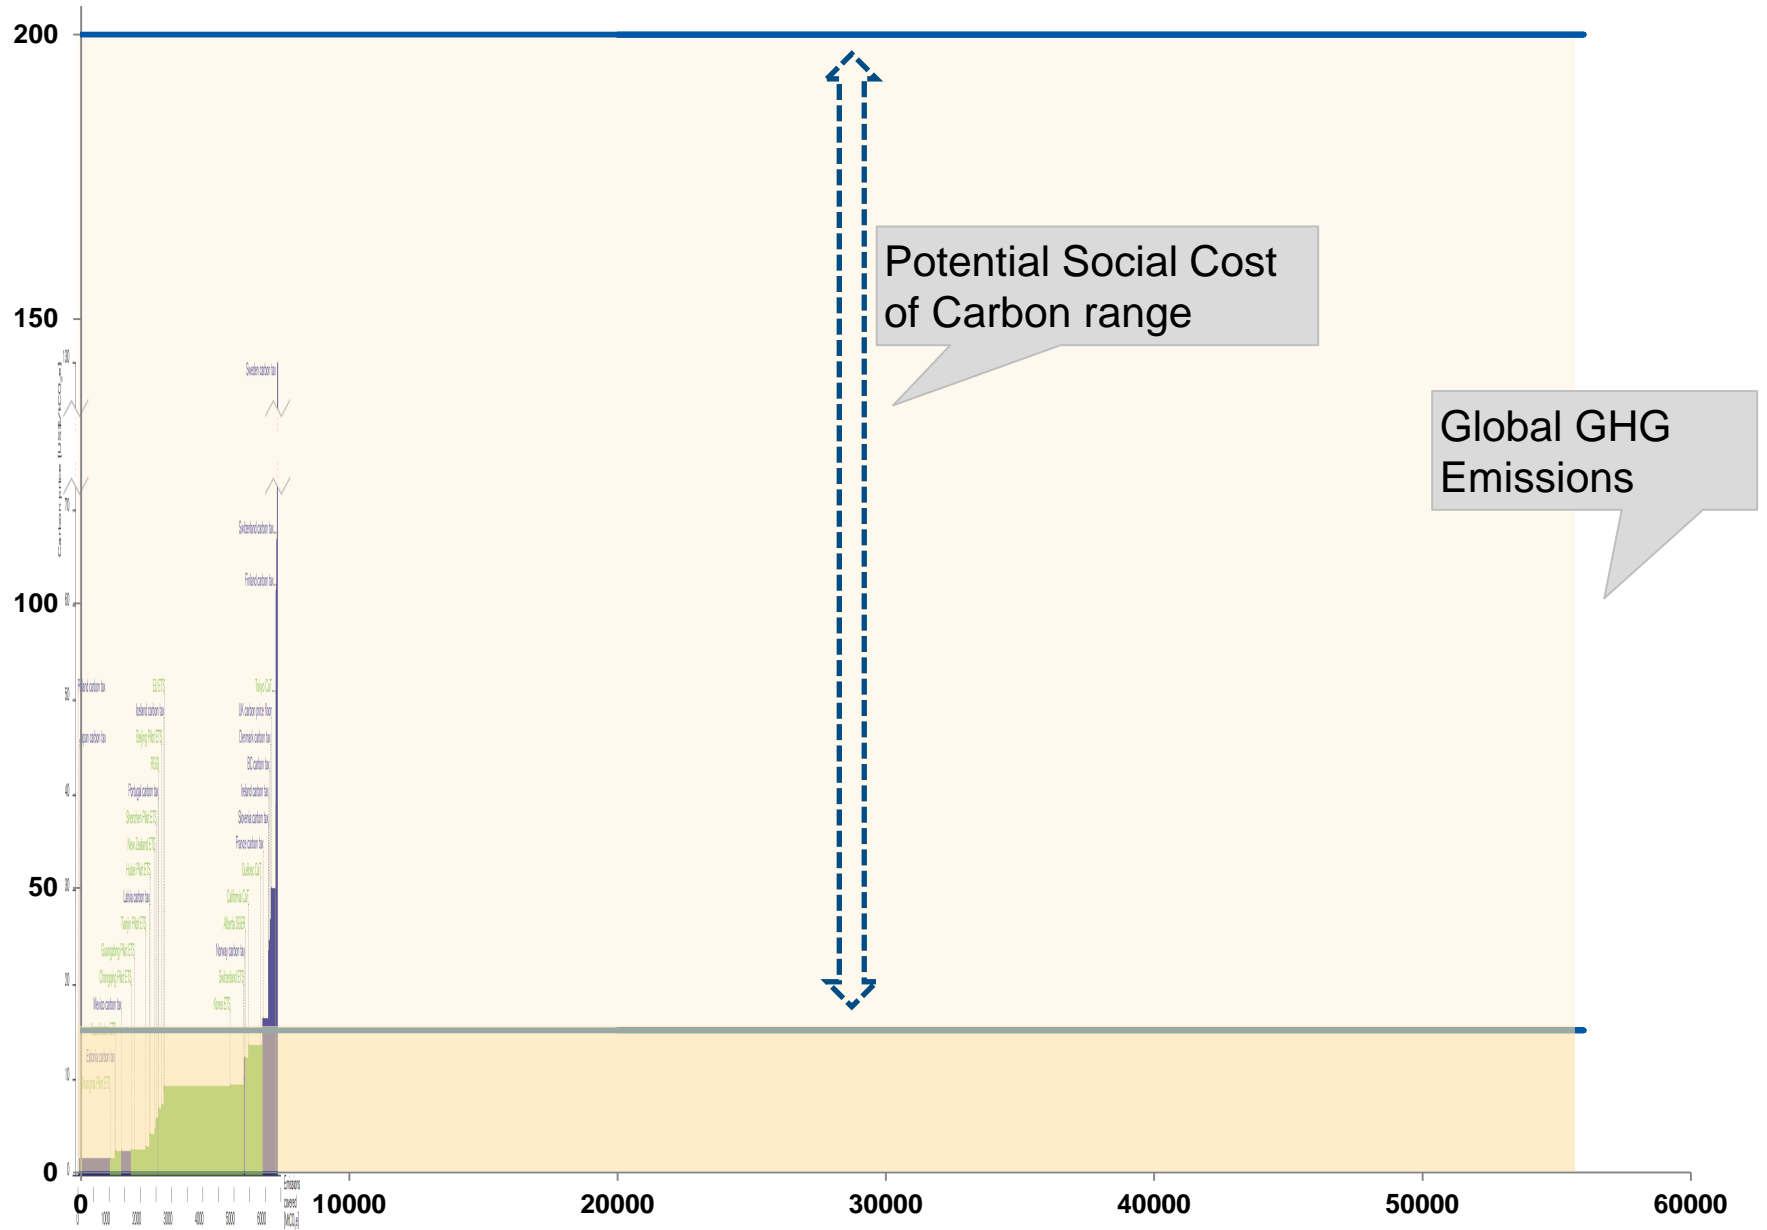

Carbon Pricing is Expanding!

Carbon Pricing is Expanding! (continued)

...but still quite small

Regulation

- Vehicle standards
- Building standards

Promoting technological innovation

What is best practice?

(...which of these things is not like the others?)

- Solar PV
- LEDs
- Electricity storage
- Electric vehicles
- Offshore wind
- Nuclear
- Carbon capture and storage...?
- Building energy use / HVAC...?
- Agriculture / Land-use / Cities...?
