

**EPRG Energy & Environment Seminar Programme
Michaelmas Term 2021**

Tuesdays at 2-3pm

*Online-only events this term – please contact EPRG Administrator
(eprgadm@hermes.cam.ac.uk) for details*

- | | |
|-------------|---|
| 5 October | Beth Moon (Ofgem) <i>Using online experiments to optimise electricity customer communications</i> |
| 12 October | Niall Farrell (Economic and Social Research Institute, Dublin) <i>Inefficient retail electricity tariffs: Welfare losses and implications for distributed energy resource deployment</i> |
| 19 October | John Miles (Cambridge University) <i>Hydrogen: Will it become the energy vector of choice for UK transport and heating?</i> |
| 26 October | Magnus Soederberg (University of Southern Denmark) <i>Does published research influence policy outcomes? The case of regulated electricity networks in Western Europe</i> |
| 2 November | Lucrezia Nava (EPRG, Cambridge University) <i>The grasshopper and the ant: Explaining the organization adaptive responses to climate change</i>
(NOTE: starts at 12:30-14:00) |
| 9 November | Kenneth Gillingham (Yale University) <i>The heterogeneous value of solar and wind energy: Empirical evidence from the US and Europe</i> |
| 16 November | Lucas Gast (EPRG, Cambridge University) <i>Material production in a net zero system: An overview</i> (NOTE: starts at 12:30-14:00) |
| 23 November | Erin Blanton (Columbia University) <i>The carbon-neutral LNG market: Creating a framework for real emissions reductions</i> |

Seminar organizer: Robert Ritz (rar36@cam.ac.uk)
